### He Kept His Word.

When Bryan was defeated in 1896, W. C. Bailey, who was an ardent supporter of him, said that he would not have his hair cut again until either Bryan or some other democrat was elected president. The time dragged and at times he feared that he would have to continue to wear the objectionable long hair, yet he never lost hope nor did he yield to the solicitations of friends to visit the barber. When the returns came in last week

that Wilson was elected there was great rejoicing at the home of Mr. Bailey, and on Thursday he came to town and had a hair cut and shave. The change was so great that when he appeared on the streets his closest friends did not recognize him, and he got a great deal of amusement from this fact.—Konawa Chief-Leader

### Walters Wins County Seat.

Walters, Ok., Nov. 14.—The county seat fight between the town of Walters and the "New Jerusalem" town, intended to be known as Paris, in Cotton County, has been ended by the official count of votes cast for each of the two towns. Walters received a total of 1,548 and Paris 1,222.

Cotton county was created three months ago from a part of Comanche county and is in the extreme southwestern part of Oklahoma.

Miss Beatrice Norrell, who spent the past month with her sister, Mrs. Lura Skinner, returned to her home at Big Springs, Texas, this morning.

### WILL CONTEST SEATS OF MCGUIRE AND MORGAN

Oklahoma City, Nov. 15.—It was learned on excellent authority Wednesday that certificates of election would be issued to Congressman Dick T. Morgan and Congressman Bird S. McGuire by the state election board and that Judge John J. Carney and John J. Davis, the two defeated Democratic candidates, would then file contests in the house of representatives, which will be strongly Democratic.

Democratic leaders admit that the two Republicans were elected on the face of the returns, but hope to be able to throw out enough votes by the operation of the "grandfather clause" to unseat the two Republicans and replace them with the Democrats.

It is claimed that many election officials were afraid to enforce the law barring the negroes in the light of the statement from United States District Attorney Homer Boardman that he would prosecute those who violated the federal statutes on the subject. Neither Mr. Morgan nor Mr. McGuire are worrying much over the proposed contests, however, as they fail to see how the Democrats can do much objecting to the election when they had absolute control of the election machinery.

### ANOTHER BRUSH WITH MEXICAN REBELS

City of Mexico, Nov. 14.—One hundred Federal soldiers on their way from Puebla in the State of Mexico to the relief of Tepeji, thirty miles to the south, are seriously menaced by Zapatistas, who ambushed them at Barranca Honda. Trainmen who escaped report that the Federalists lost twelve men killed and that the others are pressed hard.

Six hundred rebels under Cuerto Morales attacked Huehltla, state of Puebla, which was defended by rural guards. Most of the defenders with the commander, Jose Rosete, went over to the rebels. Rosete was made a Colonel in the rebel ranks.

Engagements have been reported at various other points, the federalists winning with few casualties.

## WOUNDED A YEGGMAN

BLOOD STAINS ALONG ROUTE  
TAKEN BY FLEEING MEN  
PROVE HIS AIM GOOD.

R. C. Roland, who returned from Francis Thursday afternoon, states that the fleeing yeggmen, who blew the bank vault the night previous, were tracked several miles Thursday morning, although no blood hounds were available. Blood along the way proved that at least one of the men had been shot by City Marshal Lance.

Mr. Roland also states that the bullet marks show that the nifty officer was shooting fairly straight in spite of the darkness. One of the robbers was behind a telephone pole firing on the marshal. Lance had returned his shot and the fact that his bullet grazed the pole at about the height of the man's head shows that his aim was fairly good. The last empty shell from the officer's gun was found thirty-eight steps nearer the bank than the first one, proving that he advanced in the face of all the guns of the cracksmen. The entire block on the north side of the street up which Lance came was well sprinkled with shot, striking evidence of the battle which raged for a few minutes.

### BANK ROBBED OF \$5,000 AT MERIT, TEXAS

Merit, Tex., Nov. 14.—The First National Bank here was robbed of \$5,000 at 2 o'clock this morning. The bank was fully insured.

Three strangers in an automobile, first noticed in the town about midnight, did the job. They used three charges of nitroglycerin. The cashier, J. D. Leatherwood, hearing the explosions, rushed to the bank, but was too late. The auto had just sped away with the three robbers over a hill toward Farmersville. About 3 o'clock Farmersville was aroused by a machine which whirled through the town.

## BULGARIANS LOSE HEAVILY

FROM 60,000 TO 80,000 MEN KILLED OR WOUNDED IN WAR  
WITH TURKEY.

London, Nov. 15.—Turkey has now formally appealed to Bulgaria for peace, thus forestalling the tardy action of the European courts toward mediation. No armistice has yet been concluded; difficulties have arisen about the terms. It is said that Bulgaria demands the evacuation of Adrianople, Scutari and Monastir, as a condition of agreeing to an armistice. Negotiations, however, continue.

The censorship is again exceedingly severe and it is difficult to arrive at any correct idea of the military position. The fall of Adrianople is rumored from both Serbian and Turkish sources, but this is still unconfirmed.

Another report says the Bulgarians have occupied Hadem Keul, twenty-one miles from Constantinople. If this is true, it is a very important capture, as that town is Nazim Pasha's staff headquarters.

While the Vienna Reichspost correspondent with the Bulgarian army reports what he describes as "murderous fighting" along the Chatalja lines, Turkish official reports deny that there has been any serious fighting there for several days.

With regard to other points, an improvement in the weather has permitted the resumption of the Montenegrin attacks against the Turkish positions around Scutari, with some success. A battle is imminent at Monastir, where the garrison has endeavored to make terms for its surrender, but imposed conditions which the Serbian Crown Prince was unable to grant.

Should an attack on Monastir be made, the Turks are not expected to offer serious resistance to the combined Serbian and Greek armies, and its fate is likely to be the same as Saloniki's.

The Greeks continue their march toward Janina. They have now taken Motoso, a few miles to the northeast.

A report through Bucharest places the Bulgarian losses in the war at a far greater figure than has yet been estimated. According to this report, the killed and wounded number between 60,000 and 80,000 out of a total of 300,000 men, and it is pointed out, after allowance is made for holding the line of communication, only 220,000 effective men are left for fighting.

One reason which is considered likely to induce Bulgaria to consent to an armistice and to a peace settlement is fear of cholera. Official reports issued at Constantinople represent that comparatively few cases are occurring daily, but other reports say the epidemic is serious, with a high mortality.

There is no development in the diplomatic situation, but an official denial has been issued at St. Petersburg to reports that the Russian government has pronounced itself definitely in favor of Serbia's claim for an Adriatic port, or has sent instructions to the Russian Ambassador at Vienna to that effect.

All persons interested in raising poultry are invited to meet at the city hall Monday afternoon at 3 o'clock for the purpose of effecting an organization.

Yale and 7-er Followers Gather.  
Princeton, N. J., Nov. 15.—Followers of the colors of Yale and Princeton are trooping into town for the game which will award football honors to one or the other university tomorrow. The town is gayly attired and the streets are thronged with the "early birds." Hotels, clubs, dormitories and fraternity houses have been thrown open to the alumni, and numerous impromptu class reunions are being held. The sale of nearly 30,000 tickets indicates a record-breaking attendance at the game. The officials selected for the contest are already on the ground. They are: Referee, W. S. Langford of Trinity; umpire, Neal Snow of Michigan; line-man, Lieutenant Nelly of West Point.

## TEDDY GETS PLURALITY OF 66 IN CALIFORNIA

San Francisco, Cal., Nov. 14.—California complete gave Roosevelt a plurality over Wilson of sixty-six, in considerably more than 500,000 votes. These figures are official from all but three counties—San Francisco, Los Angeles and Yuba. In Los Angeles a Roosevelt stronghold, the Democrats have filed a petition with the District Court of Appeals for a writ of mandamus compelling the board of supervisors to make an honest count. Arguments on the application will be heard Monday.

Gross irregularities are charged by the petitioners, one of whom is Miss Mary Foy, a wealthy resident of Pasadena. That tally sheets in thirty-eight precincts were removed from the election returns by the breaking

of the official seals also is alleged. The tally sheets, it is asserted, were made unintelligible by the judge of election and changed in such a manner that more than 600 votes were affected. These votes, if counted as originally intended, or if unintelligible as alleged and not counted at all, would have materially reduced the plurality of Roosevelt in Los Angeles County, according to the petition.

Bald Hills, the last northern precinct to straggle in today, brought a smile by failing to change the result. Stanchly Republican, the precinct cast four votes for Taft, one for Chafin and none for the two leading candidates.

The Border Detective is the title of an intensely thrilling drama dealing with the secret service on the frontier. All On Account of a Handkerchief is a laughable comedy, showing the troubles that came from a handkerchief that accidentally blew from one apartment into another. These are two highly entertaining pictures that will be seen at the Empress this evening.

Congressman Henry of Texas states that he will not be a candidate for speaker of the next house in opposition to Champ Clark. This is as it should be. Clark has made good and has done his part towards redeeming the pledges of the Democratic party and certainly deserves re-election to the speakership. Mr. Henry is a young man and can wait a few years longer for his turn to come.

The resignation of the treasurer of the United States means that every cent of money in the vaults of the treasury must be actually counted before his office is turned over to his successor. This will require the work of a big force of clerks for several months, for at present there is almost \$2,000,000,000 in Uncle Sam's Sam's strong box. The receipt he hands his successor will be the largest ever given by mortal man.

MISS HINDMAN'S RECITAL  
AT THE NORMAL

The recital at the Normal Thursday evening by Miss Cecile Hindman and Mrs. M. L. Perkins was well attended, and glowing reports are given by those who attended. Miss Hindman's rendition of the program announced in yesterday's paper was excellent—in every respect and proved her a musician of unusual ability. Mrs. Perkins' readings were well up to the high standard with which the Ada public is familiar.

Of late there has been complaint among citizens of bicycles being taken from a number of residences in the city. Generally the wheels have been found later, often in back alleys, from which it would appear that boys have formed a sort of habit of "borrowing" the wheels, abandoning them when the pursuit became warm. Some of them are likely to find themselves in trouble one of these days.

The election of Rev. Stubblefield of Ada as president of the State Baptist association was very pleasing to his many friends throughout this county in which he has a host of them. Rev. Stubblefield was a good social character and during his pastorate in this city of the church here, his administration and executive ability still lingers among us as a reminder of what a good man he was.—Durant Democrat.

Hearts and Diamonds is a sensational story of the revenue service and an attempt to smuggle gems into the country. Officers in the service assisted in staging this picture. The Sleepers is a drama of the gold region. Dunn and Brandon, refined comedians, made a splendid impression on the large audience of last evening and will appear again this evening in a complete change of program. Majestic theatre.

AU REVOIR, TEDDY

Teddy retires from the ring with his hat battered and his war togs frayed and frazzled, 'tis true, but he is not a Carl Morris at that.  
And, we would not change this condition if we could, and we could not if we would. As an entertainer, Teddy is the high ace, whether he takes the role of press agent, cowboy, soldier or politician.  
Professionally, with Teddy eliminated our editorial daisies would turn to dog-fennel and the song of the regal mock-bird would sound like the harsh caw-caw of the uncivilized crow!  
With a Democratic wall hedging him in on all sides, we shall watch Teddy with genuine gusto, for we know he will get up with a "come-back" in his strong jaw-bone.  
Somehow he brings to our mind today the inspiring, if not classic, tribute paid by the late John Hay to a disabled river steamboat:  
"She heaved and sot  
And sot and heaved,  
And high her rudder flung;  
And every time she  
Sot and heaved  
A mighty leak she sprung."

Cotton on the streets today has brought from 11.65 to 12c., which is a shade below Thursday's quotations.

Custer's Last Fight will be the program at the De Sota this evening. Greater care was never exercised in making a moving picture than in this one. Every detail of the famous massacre is historically correct, and the spectator imagines himself actually with the ill fated expedition that was wiped out by the blood thirsty Sioux. This picture is the crowning triumph of the moving picture art and the De Sota was particularly fortunate in securing it for its patrons.

### FOOTBALL TEAM AT TISHOMINGO

The Normal football team left today on the noon train for Tishomingo where it goes to play a return game with the A. & M. school of that place. While the team is not in as good condition as it might be, it will no doubt be able to win easily. In the game here East Central won by the big score of 70 to 0. While the score at Tish. will likely not run up so high, it ought to be an easy victory for the teachers.

Roddie has a bad leg and could not go with the team. Prof. Cox is letting him keep out till he gets in good trim, for he will be needed against Durant Thanksgiving. Biles will take Roddie's place at left half-back. Tolbert is back in the game now after he took a rest in order to get up with some low grade in school. He will have his old place at right tackle. The rest of the team is the same that has been used all the year. Biles, the two McMillans, and Swip Donaghey will make up the back. The line will be Brents, Fentem, the Jones pair, Tolbert, McKeown and Rollow, V.

Rollow, F. and Black went along as subs. Black is entirely a new man on the first team, as he has not been in a regular game yet. It was made necessary for him to go, however, when Wilbanks fell down on his grades and was not permitted to make the trip. Black is a live wire on the athletic field and Prof. Cox thinks if he is given a trial, he will "make good."

#### She Didn't.

How did this happen? said the surgeon, as he dressed the wound in the cheek and applied a soothing poultice to the damaged eye.

Got hit with a stone, replied the patient.

Who threw it?

My wife, was the reluctant answer.

Hum! It's the first time I ever knew a woman to hit anything she aimed at, uttered the surgeon.

She was throwing at the neighbor's hens, exclaimed the sufferer, and I was behind her!—Exchange.

### AN OPEN FALL

Owing to our open Fall a great many of us have neglected to get that new suit we have been promising ourselves, and now old man Winter is upon us, and the worst of it is that he gave us no warning that he was coming until he was here and now we are sore at the world because we are cold, but brace up, for it is not so late yet, for you still have time to give us that order and we will get it out in record time, so you see there is no reason why you should freeze after all.

Remember that we make your suit right here in our shop that it does not have to go out of town to be made and that you can come in and watch it through every stage of construction.

Your suit should be built just as carefull as your home and you should be just as much interested in its construction. You watch the construction of your home because you are going to live in it; because you want it built strong and lasting; because you want it to be of a pleasing appearance and because you want it built according to your style. You should be interested in the building of your suit, because you are going to live in it; you want it built strong and lasting; you want it to be of nice appearance and because you want it built according to your style. #### AT THE OPERA HOUSE.

The next attraction that is to appear at the local theatre is J. Elwin McBride's three-act farce comedy success, "The Girl in Red." This show has been a financial and artistic success from its initial performance. It is, or rather seems to be, just what show-goers want for a change—something that they can go and see and forget the next day. There is plenty of comedy and it abounds in bright, witty dialogue. The songs and specialties are new and catchy, the artists are actors and the actors are artists. All have been chosen for their respective ability as entertainers. The show is clean, moral and refined. You want to be entertained. Go see "The Girl in Red." Prices 25c, 35c and 50c. Seats on sale at Ramsey Drug store.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to a strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

## NOTES of SPORTDOM

#### FOOTBALL NOTES.

"Pa" Corbin, the old Yale star, is at New Haven helping to put the Elms through their paces.

Some of the football critics are claiming that Penneck, the Harvard lineman, is All-American material.

"Hell Devil" Skillman of Nassau is losing prestige as a football result prognosticator. He figured the Tigers would defeat Harvard 14 to 12.

The loss of Captain "Jack" Hegarty, who has had to retire from the game on account of a broken ankle, is a severe blow to the Georgetown eleven.

Both Penn and Cornell have made use of moving picture machines as aids in football development. Perhaps that accounts for their poor showing this season.

The Vanderbilt University eleven has played four Eastern teams in its history—the Carlisle Indians in 1905, the Navy in 1906, Yale in 1910 and Harvard in 1912.

Rumor has it that Tol Pendleton, the Princeton football and baseball star, is to become a professional ball player next year and sign with the Washington Americans.

Bill Langford, the best referee in the country today, officiated at the Penn-Michigan game, and will referee the coming games between Yale and Princeton and Harvard and Yale.

The Princeton football squad has three pairs of brothers and another pair of players of the same name. The brothers are the Swart boys, the Walters and the Trenkmans, while the Bakers, "Stew" and "Hobey" are not related.

#### BASEBALL NOTES.

Miller Huggins, the new manager of the Cardinals, is a lawyer and a member of the Ohio bar.

Catcher Jim Archer says that he will demand a real salary before he signs with the Cubs for 1913.

Manager Jack Dunn, of the Baltimore team, has asked waivers on Barney Peltz, former pitcher of the St. Louis Browns.

Pat Flaherty, the old Pittsburgh-Boston pitcher, is an applicant for the job as manager of the Elmira Club of the New York State League.

Joe Birmingham will take up his duties with the Cleveland Naps next season as bench manager if he can find a man to hold down his place in the outfield.

The Superbas under the management of Jake Daubert have been playing exhibition games around Brooklyn. The team is called the "Daubert Dodgers."

Owner Lennon of the St. Paul club, is scouring the country for a capable manager to succeed Mike Kelley who has signed as pilot of the Indianapolis team.

It is said that Hank O'Day, the old National League umpire and last season manager of the Cincinnati Reds, is to become a member of the American League staff of umpires.

Hawthorne Case to Be Tried.

New York, Nov. 15.—Much interest is manifested in the coming trial of the Hawthorne mining case, which is scheduled to begin Monday in the United States District court in this city. The defendants in the case are Julian Hawthorne, son of the famous novelist; Josiah Quincy, a former mayor of Boston, and Dr. William J. Norton, Albert Freeman and John McKinnon. All are under indictment on charges of using the mails to defraud investors in the Hawthorne mining interests in Canada.
